

Not a Drop of Alcohol

What is a "tonic"? A medicine that increases the strength or tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your own doctor all about it. Never take a medicine doctors cannot endorse. J. C. Ayer & Co., Lowell, Mass.

Without daily action of the bowels, the most potent products must be absorbed. Then you have impure blood, biliousness, headache. Ask your doctor about Ayer's Pills for constipation.

COUNTY CORRESPONDENCE.

BISMARCK BREVITIES

H. T. Eaton visited Potosi Monday.

E. S. Boyer is recovering his home this week.

Don't Pitt of Stillwater, Okla., is visiting relatives here this week.

Another case of scarlet fever is reported at the home of John Kahl.

Miss Abbie Lee of Charleston is visiting the family of W. E. Butler.

Hon. E. A. Rozier of Farmington was transacting business here Friday.

Mrs. Beayer is reported sick at the home of his daughter, Mrs. West.

Miss Julia Barger left Monday for Boone City, Idaho, to make that her future home.

Postmaster Bryon returned home Saturday from a week's visit to his daughter in Salem, Ill.

Miss Bessie Angel of St. Louis, who has been visiting her aunt, Mrs. Baldwin, for the past six weeks, returned home Monday.

LIBERTYVILLE ITEMS.

Mr. R. V. Tillman is holding a large choker crop.

Miss Fannie Hogan of Elm River is visiting friends here this week.

Mrs. S. E. Starbuck of Marble Hill visited friends here Sunday.

The ice cream festival at the M. E. Church Saturday evening was a success.

Ernest Moore, who was reported having typhoid fever, is up and about. Pretty short spell for typhoid.

Miss Ste. Mary Kinkaid left last week for an extended visit with Miss May Brown at Jackson and to attend the homecoming.

Mr. W. A. Simpson lost a fine mare last week; she died of spasmodic colic. Mr. Simpson said he would not have taken \$300 for her.

Several from here attended the teacher's examination at Farmington last week, but a few failed to attend. We suppose they intend getting a certificate some other way.

A large crowd paid us their respects Sunday evening. The young people passed the time in singing, while the old folks indulged in pleasant conversation. As we had but short notice of their intended visit we had nothing prepared but melons, which they seemed to enjoy very much. We certainly appreciate the kindness and respect shown us by our friends on the eve of our departure for our new home.

FEEL.

POORER MATERIAL

FOR DEARER CLOTHES.

In a signed letter to the Philadelphia Ledger, Mr. J. Leonard Kable of York, Pa., states that since the ascendancy of the American Woolen Co.—the greedy Trust which could not wait for the passage of the new tariff bill, but immediately after the fixing of the wool and woolen schedules by the Senate sent out circulars to the trade announcing an increase of 25 per cent. in prices, to take effect next spring—jobbers are required, in selling to the trade, to maintain certain prices, at the penalty of having the line of goods withdrawn. This is one of the favorite methods of Trusts to maintain high prices for their goods, and dealers must comply with orders or be denied the privilege of getting the goods to sell.

Mr. Kable also says: "Again, if goods were better or even as good as they were, say but five years ago, the increased prices might be condoned, but we who cut up cloth six days in the week are face to face with the fact that woolen fabrics were never so poor in quality as they are today. Styles may be better but the goods themselves are far inferior."

And so it will be seen that the new tariff bill, with its wool and woolen goods schedules drawn to suit the Woolen Trust, will doubly tax the consumer. It will compel him to pay higher prices for inferior goods. It has been shown already that the increase in prices ordered by this one Trust for next year's trade will make the \$10 suit of clothes of this year cost \$12, the \$14 suit cost \$16, the \$18 suit cost \$20, and so on.

Here we have the evidence in a nut shell—high tariff taxes mean high prices all the time, with the addition of inferior goods in many instances. How can high tariff advocates expect the people to be satisfied with their unjust and oppressive policy?—Wilmington Evening.

Dexter has a veneer factory, which gives employment to thirty men.

CARLETON'S NEW BUILDING BEGUN

WORK WILL BE PUSHED TO EARLY COMPLETION.

New Science Hall to Cost Furnished About \$35,000—McCarthy Construction Co. Has Contract.

The contract for the construction of the new science hall for Carleton college was let on last Monday evening and on Tuesday the ground was staked off and the work of excavating begun on Wednesday. Work on the building will be pushed rapidly until it is completed. It is hoped that the building can be enclosed by the first of the year.

It will be one of the finest buildings for the purpose intended in the State. It will be 63 by 107 feet in dimension and three full stories in height. It will have a basement and will contain a chemical, biological and physical laboratory, large library, two large society halls, eight large, well-lighted class rooms, an auditorium seating 200 persons and a chapel with a seating capacity of over 500.

The building will be constructed of dark granite-colored brick, with Bedford stone trimmings, and the roof will be of slate. It will be heated with steam and all the rooms, except the society halls, will be elegantly furnished. These will be furnished in part by the college and in part by the various students' societies using them.

The building will be located just west of the present building. The college campus has been planned and the other buildings to be erected later will be so located that the finished plant will be in the form of a rectangle around the oval shaped lawn.

The McCarthy Construction company has the contract for the erection of the new building, which is a guarantee that it will be done with all possible speed and when completed will be a credit to the college as well as to the college and the town.

The building will cost complete and furnished not less than \$35,000. The fund George Warren Brown, president of the Brown Shoe company of St. Louis, is the largest individual contributor, he bearing a goodly portion of the expense. Another party, whose name we are not at liberty to mention, but who resides in another town, is also a generous contributor.

The increased attendance at the college in the past few years makes the erection of this and other buildings an absolute necessity, and it is a matter of general rejoicing among friends of the college and the citizens of Farmington generally that men of means are coming so generously to the needs of this grand old school, in which has been given the life of that splendid little woman, Miss Eliza Ann Carleton. We hope she will live to see the erection of a half dozen buildings on the campus whose halls will be filled with a half thousand or more of Southeast Missouri's brightest youths.

Best Treatment for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequalled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by E. M. Laakman.
